

Invitation to join the Thunder Bay Community Economic Development Commission (CEDC) Board of Directors

Do you believe in a bright future for our city, but only if we work together to achieve it?

Do you have a passion for our community, and want to see it grow and prosper?

Are you willing to work with a team dedicated to that goal?

If you are such a person, then we invite you to join us on the volunteer Board of the Thunder Bay Community Economic Development Commission.

The Board of Directors meets monthly to design strategies to grow and diversify the economy of Thunder Bay and the surrounding region. We establish policy that guides our professional staff who bear the responsibility for implementing the strategies designed to achieve that goal.

Working closely with the CEO, the Board has the responsibility of financial oversight, policy development and determination of strategic direction for the CEDC. We assess opportunities for growth, and make direct investment in promising worthwhile projects.

We are looking for individuals to join our volunteer Board of Directors.

We need you if you have a blend of:

- a track record of successful business experience, as an entrepreneur or manager;

- business and political credibility and an extensive contact base in the community;
- experience and expertise in financial management;
- experience, expertise and understanding in human resources;
- an understanding of regulatory issues and risk management;
- direct knowledge and experience in one of Thunder Bay's significant economic sectors;
- personal experience in small or medium sized enterprise;
- energy and a desire to put your knowledge and skills to work for your community.

If you share our commitment to growth and prosperity in our community, then apply to join the CEDC. Send your résumé with references and a 250 ± word outline of your approach by Friday October 20, 2017 at 4:30 pm to:
