

# WATER METER REPLACEMENT

The City of Thunder Bay regularly replaces water meters at no additional cost to homeowners. You will be notified when your meter is due for replacement.

Water meter replacements and inspections are done by City employees, who are easily identifiable. Each City water meter shop representative will be:

- wearing a City of Thunder Bay uniform, which includes a City logo
- driving a City of Thunder Bay vehicle
- in possession of a City-issued ID card, which includes their name & photo

If you have any questions or concerns about the City's water meter replacement program, please contact Infrastructure & Operations Dispatch at 625-2195.
