

Memorandum

Corporate By-law Number BL 95/2022

TO: Office of the City Clerk **FILE:**

FROM: Doug Vincent
Development & Emergency Services - Licensing & Enforcement

DATE: 08/16/2022

SUBJECT: BL 95/2022 – Municipal Standards For Property By-Law

MEETING DATE: City Council – 09/12/2022 (mm/dd/yyyy)

By-law Description: A By-law to prescribe standards for the maintenance and occupancy of property and to prohibit occupancy, in the City of Thunder Bay and to repeal By-law 66-2008.

Authorization: Report R 106/2022 (Development & Emergency Services – Licensing & Enforcement) Committee of the Whole - July 25, 2022 and Memorandum from Doug Vincent relative to Referral of Report R 106/2022 (Development & Emergency Services/Licensing & Enforcement) Committee of the Whole August 22, 2022.

By-law Explanation: The purpose of this By-law is to provide for the minimum standards of maintenance and occupancy and to ensure that property is repaired and maintained to these standards.

Schedules and Attachments:

Amended/Repealed By-law Number(s):

THE CORPORATION OF THE CITY OF
THUNDER BAY
BY-LAW NUMBER BL 95/2022

A By-law to prescribe standards for the maintenance and occupancy of property and to prohibit occupancy, in the City of Thunder Bay and to repeal By-law 66-2008.

Recitals:

1. On June 9, 2008 City Council approved By-law 66-2008, being a by-law to establish standards for the maintenance and occupancy of property in the City of Thunder Bay;
2. Under Section 15.1(3) of the *Building Code Act*, S.O. 1992, c.23, a By-law may be passed by the Council of a municipality prescribing the standards for the maintenance and occupancy of property within the municipality provided the official plan for the municipality includes provisions relating to property conditions;
3. The Official Plan for the City of Thunder Bay includes provisions relating to property conditions;
4. The Council of The City of Thunder Bay is desirous of passing a By-law under Section 15.1 (3) of the *Building Code Act*, S.O. 1992, c.23;
5. Section 15.6 (1) of the *Building Code Act*, S.O. 1992, c.23 requires that a By-law passed under Section 15.1(3) of the *Building Code Act*, S.O. 1992, c.23 shall provide for the establishment of a Property Standards Committee;
6. Section 10 (2) (6) of the *Municipal Act*, 2001, S.O. 2001, c.25, as amended, provides that a municipality may pass by-laws respecting the health, safety and well-being of persons;
7. It is now deemed appropriate to repeal and replace By-law 66-2008.

ACCORDINGLY, THE COUNCIL OF THE CORPORATION OF THE CITY OF THUNDER BAY ENACTS AS FOLLOWS:

1. SHORT TITLE

This By-law may be cited as the “Municipal Standards For Property By-law.”

2. SCOPE OF THIS BY-LAW

This By-law shall apply to all land within the geographic boundaries of the Corporation of the City of Thunder Bay, including residential, non-residential, and vacant land, except those lands owned or controlled by the City that are not otherwise then leased or under control of another person(s) or party.

3. DEFINITIONS

- a) **“Accessory Building”** means a detached building or structure, not used for human habitation, that is subordinate to the primary use of the same property;
- b) **“Act”** means an enactment or statute of the Province of Ontario;
- c) **“Approved”** means acceptance by the Property Standards Officer;
- d) **“Basement”** means that portion of a Building between two floor levels, which is partly underground and which has at least one-half its height from finished floor to the underside of the first floor joists above the average finished grade level adjacent to the exterior walls of the building;
- e) **“Building”** means a type of structure having a roof supported by columns or walls designed for use for the accommodation or storage of persons, animals, goods, materials, or equipment;
- f) **“Building Code”** means the Building Code Act, S.O. 1992, c.23, as amended, and any regulations made thereunder;
- g) **“Chief Building Official”** means the Chief Building Official appointed under Section 3 of the Building Code Act, 1992, c. 23 and having jurisdiction for the enforcement thereof;
- h) **“City”** means the Corporation of the City of Thunder Bay; “the Corporation” shall have the same meaning;
- i) **“Code”** means a regulation of the Province of Ontario known:
 - i. With respect to matters relating to building, as the Building Code;
 - ii. with respect to matters relating to electricity, as the Electrical Safety Code;
 - iii. with respect to matters relating to fire, as the Fire Code; and
 - iv. with respect to matters relating to plumbing, as the Building Code;
 - v. with respect to matters relating to elevating devices, as the Technical Standards and Safety Act, 2000.

- j) **“Committee”** means a Property Standards Appeal Committee established under this By-law;
- k) **“Council”** means the Council of the Corporation of the City of Thunder Bay;
- l) **“C.S.A. B-365 Standard”** means the Canadian Standards Association’s approved Standard for solid wood burning fuel appliances and includes any amendments or replacement legislation to regulate solid fuel burning appliances;
- m) **“Defect Notice”** means a notice issued by an Officer that notifies the owner of property of defects therein, that do not comply with the provisions of this By-law and require an acknowledgement;
- n) **“Dwelling”** means a building, structure, mobile home or recreational vehicle with or without kitchen facilities or a part of such a building or structure, which is, or is intended to be used for the purpose of human habitation, and includes such a building, home or vehicle that would be or would be intended to be used for such purposes, except for its state of disrepair;
- o) **“Dwelling Unit”** means a room or suite of rooms operated as a housekeeping unit, used or intended to be used as a domicile by one or more persons and supporting general living conditions usually including cooking, eating, sleeping and sanitary facilities. Dwelling unit is two or more rooms used or designed to be used by one or more individuals as an independent or self-contained domestic unit or housekeeping establishment;
- p) **“Exterior property area”** means the building lot excluding buildings;
- q) **“Fence”** means any structure, wall or barrier, other than a building, erected at grade for the purpose of defining boundaries of property, separating open space, restricting ingress to or egress from property, providing security or protection to property or acting as a visual or acoustic screen;
- r) **“First Storey”** means that part of a building having a floor area closest to grade with a ceiling height of more than 1.8 metres (6 ft.) above grade;
- s) **“Ground cover”** means organic or non-organic material applied to prevent soil erosion such as concrete, flagstone, gravel, asphalt, grass or other landscaping;

- t) **“Guard”** means a balustrade or protective barrier installed around openings in floor areas or on the open sides of a stairway, a landing, a balcony, a mezzanine, a gallery, a raised walkway, and other locations as required to prevent accidental falls from one level to another. Such barriers may or may not have openings through them;
- u) **“Habitable Room”** means any room in a Dwelling unit lawfully used or designed to be used for the purposes of living, sleeping, eating, cooking or preparation of food and, without limiting the foregoing, shall include a den, library, sunroom, recreational room, or any combination thereof;
- v) **“Hazard”** means Lands, Buildings, structures, or materials that are in an Unsafe Condition, or is a source or a situation, with the potential for harm in terms of human injury or ill-health, damage to property, damage to the environment, risk of fire, or a combination of these and includes unsafe containers which have a closing or locking mechanism such that something or someone inside could be trapped and unable to be released without external assistance.
- w) **“Inoperative Vehicle”** means any Vehicle, motor vehicle, vessel, trailer or camping trailer which, that appears by reason of its appearance, mechanical, functional or structural condition not to be operative and includes those vehicles that require a valid license plate be displayed to operate on a highway and have in existence proof of a valid and current registration, pursuant to the provisions of the Highway Traffic Act and amendments thereto, regardless of whether it is required at the time of inspection, and includes all vehicles or vessels that are wrecked, discarded, dismantled or abandoned, or a vehicle or vessel which has had part or all of its superstructure or motor power removed;
- x) **“Land”** means property, whether or not it contains Buildings or Structures, and whether it is vacant or occupied. Reference to “Land” includes all Buildings and Structures, including fences, on the Land.
- y) **“Non-habitable space”** means a bathroom, toilet room, water closet compartment, laundry, pantry, foyer, lobby, hall, corridor, stairway, passageway, closet, storage room, boiler room, furnace room, accessory space for service, maintenance or access within a Building, or a room or space which does not comply with the minimum standards for residential occupancy;
- z) **“MLEO”** means any person appointed as a Municipal Law Enforcement Officer for the City, or a police officer.
- aa) **“Non-Residential Property”** means a building or structure or part of a building or structure not occupied in whole or in part for the purpose of human habitation, and includes the lands and premises appurtenant,

and all of the outbuildings, fences, or erections thereon or therein;

- bb) **“Natural Garden Area”** means a yard, or any portion thereof, containing vegetative growth deliberately implemented to produce ground cover, including one or more species of wildflowers, shrubs, perennials, grasses or combinations of them, whether native or non-native consistent with a managed and natural landscape, other than Turfgrass;
- cc) **“Nuisance”** means any condition or use of Land which unreasonably interferes with the use and enjoyment of another person’s Land. Examples include, but are not limited to:
- i. emissions of smoke, gas, fumes, dust, or sawdust;
 - ii. objectionable odours; or
 - iii. the unsightly storage of goods, wares, merchandise, debris or other material.
- dd) **“Officer (Property Standards)”** means a Municipal Law Enforcement Officer who has been appointed by the City as a Property Standards Officer and been assigned the responsibility of administering and enforcing a by-law passed under section 15.1 of the Building Code;
- ee) **“Order”** means an order, issued by a Officer (Property Standards), pursuant to section 15.2 of the Building Code Act, to remedy defects in standards for maintenance and occupancy; an Order-To-Comply has the same meaning.
- ff) **“Owner”** shall include the registered property owner or agent thereof: a person having or appearing to have beneficial ownership or care and control of the property, and an owner as defined by the Building Code Act, 1992;
- gg) **“Potable Water”** means water meeting all the provincial standards for drinking.
- hh) **“Person”** means and includes any person, firm, partnership, corporation, company, association, or organization of any kind;
- ii) **“Safe Condition”** means a condition that does not pose or constitute an undue or unreasonable hazard or risk to life, limb, or health of any person on or about the property, and includes a structurally sound condition;
- jj) **“Sewage system”** means the City of Thunder Bay’s system of storm sewers, sanitary sewers and combined sewers, or a private sewage disposal system approved by the Chief Building Official for the City;

- kk) **“Sign”** means any device or notice, including its structure and other component parts, which is used or capable of being used to identify, describe, illustrate, advertise, or direct attention to any person, business, service, commodity or use;
- ll) **“Swimming Pool”** means an outdoor pool of water for swimming, bathing, wading, or reflecting, which is capable of retaining a water depth equal to or greater than sixty centimeters (60 cm) or twenty-four inches (24 in) at any point. The term does not include facilities for the purposes of providing water to livestock or for irrigation of crops which are associated with, and located on, Land devoted to the practice of farming.
- mm) **“Unsafe Condition”** is a descriptive phrase for Land, Buildings, Structures, or material, that are in a condition or state of repair that causes a hazard to life, limb, or health of any person authorized or expected to be on or near the Land in question.
- nn) **“Unsightly Condition”** means, in relation to land, having an appearance that, because of the way in which the land is used, does not conform with the general appearance of other land in the locality or neighbourhood and could be described as inconsistent with the reasonable characteristics of the surrounding community
- oo) **“Vacant Building”** means a building that is partially or entirely vacant and includes a building that is partially or entirely vacant and occupied by unauthorized persons;
- pp) **“Vehicle”** means a motor vehicle, vessel, trailer, boat, motorized snow vehicle, off-road vehicle or other mechanical power driven equipment;
- qq) **“Vermin”** means mammals, birds, or insects injurious to humans, physical property, game, livestock, or crops. Examples include but are not limited to: skunks, rats, termites, poisonous insects or reptiles, moths, and mice;
- rr) **“Visual barrier”** shall mean a continuous, uninterrupted structure and/or fence which completely blocks lines of sight when viewed perpendicularly from either of its sides and shall consist of one or more of the following materials: wood, stone, bricks, mortar, fabricated metal, or other similarly solid material approved by the Chief Property Standards Officer or Chief Building Official;
- ss) **“Waste”** means any debris, rubbish, refuse, sewage, effluent, discard, or garbage of a type arising from a residence, belonging to or associated with a house or use of a house or residential property and/or

from industrial or commercial operations, or belonging to or associated with industry or commerce or industrial or commercial property, which for greater certainty includes all garbage, discarded material or things, broken or dismantled things, and materials or things exposed to the elements, deteriorating or decaying on a property due to exposure or the weather;

tt) **"Yard"** means the land other than publicly owned land around or appurtenant to the whole or any part of a residential or non-residential property and used or capable of being used in connection with the property.

4. GENERAL

- a) No person, being the owner or occupant of a property, shall fail to repair and maintain the property in conformity with the standards set out in this By-law.
- b) No person, being the owner or occupant of a property, shall fail to repair and maintain the property in conformity with any safety standards required by a Code, when such provision(s) provide for the protection of persons in relation to the use of the property, regardless whether that standard is specifically set out in this By-law or not.
- c) The owner of any property which does not conform to the standards in this By-law shall repair and maintain the property to conform to the standards or shall clear the property of all buildings, structures, garbage, rubbish, waste, or accumulations of such materials that prevent access to or exit from the property in the case of emergency, or other safety or health hazard, and shall leave the property in a graded and leveled condition.
- d) The owner of any property that has not complied with a confirmed order that seeks to remedy any Unsafe Condition shall not occupy or permit the occupancy of the property until such time as the order has been complied with or the property is cleared of all structures and left in a graded and level condition.
- e) All repairs and maintenance of property required by this By-law shall be carried out in a manner and with materials that are accepted as good workmanship in the trades concerned.
- f) For the purposes of subsection e) and without limiting subsection e), "carried out in a manner and with materials that are accepted as good workmanship in the trades concerned" includes:

- i. carried out with materials suitable and sufficient for that purpose and free from defects; and
 - ii. carried out in a manner consistent with the recognized national and international industry best practices, including those of the Canadian Construction Association; and
 - iii. where required by law, or in accordance with recognized industry best practices, carried out by a duly qualified and/or licenced person in the trade concerned.
- g) All new construction or extensive repairs shall conform to the *Ontario Building Code* where applicable.
- h) This By-law does not apply so as to prevent a farm, meeting the definition of “agricultural operation” under the *Farming and Food Production Protection Act*, 1998, S.O. 1998, c. 1, from carrying out a normal farm practice as provided for and defined under that Act.
- i) Nothing in this By-law, including the doing of any required works to comply with this By-law or an Order or Defect Notice hereunder, shall be construed or interpreted as relieving any person of other legislative requirements that must be complied with.
- j) All lands and structures thereon, including fences, that are subject to deterioration due to the exposure of surfaces to the elements, including weather, sun, and other environmental factors, that may cause degradation, shall, where appropriate and required, be maintained through the proper application of preservative coating such as paints, stains, or through other specific treatments designed to protect and maintain those surface areas requiring treatment.
- k) All lands and structures thereon, including fences, shall be kept clear and free from graffiti, unauthorized signs, objectionable defacements, or similiar markings.

5. UNSAFE CONDITIONS

Without limiting any other provisions of this By-law, any condition on or within a property which may pose or constitute an undue or unreasonable danger, Unsafe Condition, hazard, or risk to the health or safety of any person, place, or thing shall be abated or immediately removed by the owner or occupant thereof.

EXTERIOR LANDS

6. EXTERIOR PROPERTY

- a) All exterior areas of a property shall be kept clean and free of litter, rubbish, waste, salvage, refuse, dead, decaying, or damaged trees, branches and limbs, or any other objects or conditions that might create a health, fire, accident hazard, or Unsafe Condition.
- b) Every property shall be kept free from garbage, rubbish, waste, or accumulations of any materials that prevent access to or exit from the property
- c) Without restricting the generality of this Section, the maintenance of Land includes the removal of:
 - i. Rubbish, garbage, waste, litter and debris;
 - ii. Injurious insects, termites, rodents, vermin and other pests; and any condition which may promote an infestation;
 - iii. Wrecked, dismantled, inoperative vehicles, discarded or unlicensed vehicles, vessels, off-road vehicles, trailers, machinery or parts thereof, except in an establishment licensed or authorized to conduct a salvage, wrecking or repair business and then only if such establishment conforms with any relevant By-laws or statutes; and
 - iv. Dapidated or collapsed buildings, structures or erections, and the filling in or protecting of any unprotected well.

7. GARBAGE RECEPTACLES

Every building shall be provided with sufficient proper receptacles to contain all garbage, ashes, or waste, which accumulates on the property and such materials shall be placed for collection in proper receptacles in compliance with applicable laws and not allowed to accumulate for longer than fourteen (14) days.

- a) Receptacles for garbage shall be:
 - i. made of watertight construction;
 - ii. provided with a tight fitting cover which may be removed only when the receptacle is empty or is being actively loaded;
 - iii. maintained in good condition without holes or spillage; and
 - iv. closed, or emptied, rinsed, and cleaned when not in use to prevent the escape of offensive odour or waste.

- b) Plastic bags shall be considered acceptable receptacles provided they are:
 - i. adequately secured so as to prevent spillage;
 - ii. not stored outdoors unless protected from access by animals or vermin and screened from public view;
 - iii. maintained in good condition without holes; and
 - iv. does not create a Nuisance, Hazard or Unsafe Condition.
- c) Paper receptacles are not acceptable except where they are placed inside other compliant receptacles or are placed out for collection in compliance with applicable collection By-laws.
- d) Where commercial, industrial, or residential on site garbage containers are visible from a public street, land, or residential properties, the area where the receptacles are stored shall be screened from public view.

8. LANDSCAPING AND TREES

- a) Grass, trees, bushes, hedges, and other landscaping shall be maintained to prevent a Nuisance, Hazard or Unsafe Condition.
- b) Non-organic ground cover and site facilities shall be maintained in a safe condition free from Hazard

9. UNENCLOSED PORCHES AND CARPORTS

Every unenclosed porch, balcony, or carport, and every exterior and common area shall be kept free of garbage or waste material.

10. LOT GRADING AND DRAINAGE

- a) All Yards shall be provided and maintained with adequate surface water drainage, including suitable provisions for its disposal without causing erosion, so as to prevent ponding or the entrance of water into a basement or crawlspace.
- b) All roof, driveways, sump pump, or other surface drainage, and the drainage of water from swimming pools, shall not be discharged directly or indirectly on to an entranceway, walkway, sidewalk, stair, steps, adjacent property, sidewalk, highway, public lands, or in such a manner that it will create a safety hazard, penetrate, or damage a building, structure, or property.
- c) Every roof drainage system and sump pump shall be discharged onto the ground at least 1 metre (39 inches) from the building or structure,

providing that it does not adversely affect adjacent properties, or cause erosion. Lot drainage shall be contained within the limits of the premises from which it originated until absorbed by the soil or drained to an approved swale or ditch.

- d) No person shall connect any roof drainage system, or part thereof, or any sump-pit discharges directly or indirectly into the City's sanitary sewer system, or permit a discharge into a sanitary sewer system.
- e) No fill shall be allowed to remain in an unlevelled state on any property for longer than fourteen (14) days unless the property is a construction site for which a building permit is in effect.
- f) No fill shall be left in an uncovered state (not covered by sod, seed or agricultural crop) on any property for longer than thirty (30) days unless the property is:
 - i. a construction site for which a building permit is in effect and at which construction is being actively undertaken;
 - ii. a property being subdivided under subdivision agreement with the City; or
 - iii. the uncovered area of the property is being actively farmed.

11. WALKWAYS AND DRIVEWAYS

Surface conditions of walkways and driveways shall be installed and maintained in a Safe Condition with non-organic ground cover so as to:

- a) prevent ponding of storm water;
- b) not exhibit an Unsightly Condition;
- c) be kept free of garbage and waste;
- d) be kept free of deep ruts and holes;
- e) provide for safe passage under normal use and weather conditions, day or night; and
- f) not to create a Nuisance to other properties including adjoining public lands and highways.

12. PARKING LOTS

- a) Parking lots, driveways, and other similar public access areas of a Yard shall be maintained so as to afford safe passage under normal use and weather conditions and be free from health and other hazards.
- b) Parking lots, driveways, and other similar public access areas of a Yard shall be kept clean and free of litter, rubbish, waste, salvage, refuse, decaying or damaged trees, branches and limbs, objects, or conditions that create a Hazard, or Unsightly Condition.
- c) Notwithstanding the requirements set out in subsection 12(b), any portion of a public access area of a Yard may contain tree logs or limbs in a Natural Garden Area, to the extent it does not create a Hazard.

13. EXTERIOR LIGHTING

- a) Every stairway, exterior exit and entrance doorway, cellar, basement entrance, or building entrance, shall have a permanently installed lighting fixture that shall be maintained in good working order.
- b) Facilities for lighting shall be maintained in a good state of repair.
- c) Outdoor lighting and indoor lighting that can be seen outdoors shall be placed and maintained, or have barriers or shades placed and maintained, so as to prevent or block direct illumination of the interior of a dwelling on adjacent property regardless of whether such dwelling has or may have shades, drapes, or other interior window coverings.
- d) Outdoor lighting and indoor lighting that can be seen outdoors shall be placed and maintained, or have barriers or shades placed and maintained, so as to prevent the actual source of light (fixture) from being viewed directly from an adjacent property's auxiliary use areas including pools, hot tubs, decks, and patios, but does not include indirect illumination of areas by the light source including spillage or reflected light.

14. RETAINING WALLS

All retaining walls, screen walls, and ornamental walls shall be constructed of durable material and shall be maintained in a structurally sound condition and free from Hazard.

15. WELLS AND CISTERNS

A well, cistern, cesspool, privy vault, pit, or excavation shall be permanently sealed, or secured by a fence, cover, or netting that is likely to prevent a hazard or unwanted entry, unless it is in active use, in which event it shall be secured by fencing with warning signs until the use has ceased, whereupon they shall be sealed or secured as required above.

16. ACCESSORY BUILDINGS

The foundations, walls, roofs, and all parts of accessory buildings and other structures appurtenant to the main building shall be:

- a) constructed with suitable materials;
- b) maintained in good repair;
- c) protected from deterioration by the application of paint or other suitable protective material; and
- d) free from graffiti, unauthorized signs, or similar defacements and markings.

17. FENCES

A fence erected on a property or separating adjoining properties shall be maintained:

- a) in good repair free from loose or insufficiently secured, rotten, warped or broken materials;
- b) in a safe and structurally sound condition so as to be capable of sustaining safely its own weight together with any load to which it might reasonably be subject to;
- c) shall be free of dangerous objects;
- d) reasonably plumb unless specifically designed to be other than vertical;
- e) each length of fence along any adjoining property boundary shall be repaired and maintained so as to be reasonably homogeneous in colour, finish, materials, construction industry standards, pattern, or design unless originally designed to be otherwise; and
- f) shall conform to any other requirements of applicable law.

18. TOWERS, MASTS AND ANTENNAES

Towers, gantries, masts, antennae, and structures of similar character and any attachment thereto shall be maintained:

- a) reasonably plumb unless specifically designed to be other than vertical;
- b) in good repair; and
- c) in a safe and structurally sound condition.

19. SIGNS

A sign and any structure connected therewith shall be installed and maintained:

- a) in good repair without any visible deterioration when viewed from any property other than the property on which the sign is situated;
- b) in a safe and structurally sound condition;
- c) in a reasonably vertical plane unless otherwise approved by the City; and
- d) shall conform to any other requirements of any applicable law

An unused or discarded sign shall be removed from the property or shall be stored within a building.

EXTERIOR OF BUILDINGS - STRUCTURES

20. STRUCTURAL CAPACITY OF BUILDINGS

- a) All repairs and maintenance of property required by the standards prescribed in this By-law shall be carried out in a manner accepted as good workmanship in the trades concerned and with materials suitable and sufficient for the purpose.
- b) Every part of a property shall be maintained in good repair and in a structurally sound condition so as:
 - i. To be capable of sustaining safely its own weight and any additional load to which it may normally be subjected;
 - ii. To be capable of safely accommodating all normal structural movements without damage, decay, or deterioration;
 - iii. To prevent the entry of moisture that could contribute to

- damage, fungus growth, decay, or deterioration; and
- iv. To be capable of safely and adequately performing its function subject to all reasonable serviceability requirements.

21. FOUNDATIONS WALLS AND BASEMENTS

- a) All foundation walls and the basement, cellar, or crawl space floors shall be maintained in good repair and structurally sound.
- b) Every basement, cellar, and crawl space in a property shall be maintained in a reasonably watertight condition so as to prevent the leakage of water into the building.

22. EXTERIOR WALLS, SURFACES, CLADDING AND MASONRY

All exterior walls and surfaces of every building or structure shall be sound, plumb, weathertight, free from holes, loose or unsecured objects, maintained in good repair and:

- a) free from missing, cracked, or broken masonry units, missing, defective, or deteriorated wood, metal siding, or trim, missing, cracked, broken, or loose stucco, or other loose or unsecured objects;
- b) shall be so maintained by the painting, restoring, or repairing of the walls, coping, or flashing, by the waterproofing of joints and the walls themselves, by the installation of, or repairing of, weathertight finishing, or the installation of termite shields, if required;
- c) all exterior surfaces that have previously been covered with paint or other protective or decorative materials shall be maintained in good repair and the covering renewed when it becomes damaged or deteriorated; and
- d) Every part of a building, including the exterior, shall be maintained in a structurally sound condition so as to be capable of sustaining safely its own weight and any additional weight that may be put on it through normal use.

23. DOORS – WINDOWS – CELLARS – HATCHWAYS

- a) Windows, skylights, exterior doors and frames, basement or cellar hatchways, attic access doors including storm and screen doors, and storm windows shall be maintained in good working order, good repair, in a Safe Condition and shall be of such construction so as to prevent the entrance of wind, snow, or rain into the building and to minimize heat loss through infiltration.
- b) At least one entrance door in every Dwelling Unit shall have hardware

so as to be capable of being locked from inside and outside the Dwelling Unit.

- c) All windows capable of being opened and all exterior doors shall have hardware so as to be capable of being locked or otherwise secured from inside the building.
- d) All windows capable of being opened shall be equipped with a screen to prevent the passage of insects and the screen shall be maintained in a good condition.

24. WINDOW SCREENS

When an exterior opening is used or required for ventilation or illumination and is not required to be protected by a door, window, or similar closure, it shall be protected with:

- a) mesh screening, metal grills, or other equivalent durable rust proof material; or
- b) other protection so as to effectively prevent the entry of rodents, large insects, or vermin.

25. CANOPIES AND AWNINGS

All canopies, marquees, and awnings shall be properly anchored so as to be kept in Safe Condition and shall be protected from decay or rust by a periodic repair, replacement of materials, or the application of weather-coating material.

26. ROOF STRUCTURES

- a) Every roof, and all of its components and accessory structures, shall be maintained in good repair and in a Safe Condition.
- b) Without restricting the generality of this Section, such maintenance includes:
 - i. removal of loose, unsecured, or rusted objects or materials;
 - ii. removal of dangerous accumulations of snow or ice;
 - iii. maintaining roof and chimneys in water-tight condition so as to prevent leakage of water into the building; and
 - iv. maintaining all roof-related structures plumb unless specifically designed to be other than vertical.

27. EAVESTROUGH – METAL DUCTS - FLASHING

- a) Eaves trough, roof gutter, rainwater pipe, downspouts, flashing, and all exterior ducts shall be properly secured and free from loose or unsecured objects, free from obstructions and health hazards, weather-tight, free of holes, and maintained in good repair.
- b) Metal eaves troughs, rainwater pipes, flashing, and all exterior metal ducts shall be kept free from rust by application of a suitable protective material such as paint, and shall be renewed when necessary.
- c) Every roof drainage shall be discharged onto the ground at least 1 metre (39 inches) from the building or structure when it is physically possible to do so, providing that it does not discharge directly onto or adversely affect adjacent properties or cause erosion.

28. CHIMNEY FLUES

- a) Chimneys, vent pipes, smoke stacks, flues, ducts, and other similar equipment shall be constructed and installed to the Building Code and C.S.A. B-365 Standard and shall be maintained free from obstruction and shall prevent:
 - i. the entrance of smoke or gases into a building;
 - ii. the heating of adjacent combustible materials, walls, and structural members to unsafe temperatures; and
 - iii. fire, health, or other hazards.
- b) Any fuel burning heating equipment used in a building shall be properly vented to the exterior by means of an approved smoke pipe, vent pipe, or chimney.

29. GARAGES – CARPORTS

- a) The construction between an attached or built-in garage or carport and a Dwelling Unit shall provide an effective barrier to gas and exhaust fumes.
- b) A door between an attached or built-in garage and a Dwelling Unit shall be tight-fitting and weather-stripped to provide an effective barrier against the passage of gases and exhaust fumes and shall be fitted with a self-closing device.
- c) Garages and carports, including floors, shall be maintained in good repair and free from Hazards.

30. FIRE OR STORM DAMAGE

- a) In the event of fire or explosion, damaged, or partially burned, material shall be removed from the premises, except that such material may be temporarily stored within the barricaded damaged building or structure, provided that such storage does not exceed ninety (90) days.
- b) Buildings, or portions thereof, that have been damaged by fire, flood, storms, or other circumstance, shall be repaired to their original condition in conformity with the Code and the standards set out in this By-law, or shall be demolished accordingly.

31. DEMOLITION OF STRUCTURES

- a) Where a building, accessory building, fence, or other structure is demolished, the property shall be cleared of all rubbish, waste, refuse, masonry, lumber, wood, and other materials and left in a graded and leveled condition.
- b) Where a building, accessory building, fence, or other structure is being demolished, every precaution shall be taken to protect the adjoining property and members of the public. The precautions to be taken include the erection of fences, barricades, covered walkways for pedestrians and any other means of protection necessary for the protection of the adjoining property and members of the public.
- c) Demolition activities shall be controlled with appropriate measures to protect the surrounding neighbourhood lands, including City lands and highways, from nuisance or hazardous dust, vibrations, and litter.

INTERIOR OF BUILDINGS AND STRUCTURES

32. INTERIOR STRUCTURAL COMPONENTS

In every building or structure, all structural components, including but not limited to all joists, beams, studding, trusses, and roof rafters, shall be comprised of sound material, in good repair, and adequate to sustain the loads to which they are intended and subjected to.

33. WALLS – CEILINGS

- a) Every interior surfaces and finishes of walls and ceilings shall be maintained:
 - i. in good repair, with a surface which is reasonably smooth, clean,

- ii. free of holes, cracks, loose plaster, or other material;
- iii. in a safe condition; and
- iv. so as to possess the fire resistant properties required by the Codes.

- b) In any bathroom, the walls to a height of forty-two (42) inches above a bathtub equipped with a shower or six (6) feet above the floor of a shower stall, shall be maintained as to be water resistant and readily cleaned.

34. FLOORS

- a) Every floor shall be smooth, level, and maintained so as to be free of all loose, warped, protruding, broken, or rotted boards that may create an unsafe condition or surface. Such defective floors shall be repaired or replaced.
- b) Where a floor covering has become worn or torn so that it retains dirt or may create an Unsafe Condition, the floor covering shall be repaired or replaced.
- c) Every bathroom, kitchen, laundry, and shower room shall have a floor covering of water-resistant material and be capable of being cleaned.
- d) Every cellar and basement shall have a floor of concrete or other material acceptable under the provisions of the applicable Code to ensure water drainage and to guard against the entry of vermin.

35. STAIRS – HANDRAILS – GUARDS

- a) Every inside or outside stair and every porch or landing appurtenant to it shall be maintained so as to be free of holes, cracks, and other defects which constitute Hazards.
- b) All handrails and balustrades, stairways, fire escapes, balconies, landings, porches, and similar appurtenances shall be maintained in good repair so as to be free of holes and other defects which constitute Hazards. These shall be properly anchored so as to be kept in a Safe Condition and shall be structurally sound for the loads imposed through their normal use and, if metal, shall be protected from rust or similar decay by a periodic application of paint.
- c) Handrails shall be installed in accordance with the Code and shall be maintained in good repair on all exterior stairs that have more than 3 risers and on all interior stairs within Dwelling Units that have more than 2

risers.

36. MEANS OF EGRESS

- a) Every Building, structure, or Dwelling Unit shall have a safe, continuous, and unobstructed passage from the interior to an exit or the outside of the building at street or grade level.
- b) Exterior stairs and fire escapes shall be maintained in a safe state of repair and kept free of ice and snow.
- c) The passage required as egress from one Dwelling Unit shall not pass through any other Dwelling Unit.
- d) In every multi-residential dwelling where a security locking-and-release system has been provided in the front or rear lobby for the entrance into the multi-residential dwelling, and that system is controlled from each Dwelling Unit, such system shall be maintained in good repair and in an operating condition.
- e) Where a non-residential building contains Dwelling Units located at other than grade level, there shall be a secondary means of continuous and unobstructed egress from such Dwelling Units.
- f) All means of egress within a non-residential property shall be maintained free from all obstructions or impediments and shall be;
 - i. provided with clear, unobstructed, and readily visible exit signs for every required exit; and
 - ii. provided with lighting facilities capable of illuminating the means of egress to ensure the safe passage of persons exiting the building at all times.

37. HEATING SYSTEMS

- a) It is the responsibility of the owner that all heating and mechanical systems, and their components, be installed, operational, and maintained in good working order.
- b) Only heating equipment approved for use by a recognized standards and testing Code authority shall be provided in a room used or intended for use for sleeping purposes.
- c) The installation, maintenance and use of a solid fuel burning appliances shall conform to the standards set out in the applicable Code(s) and the C.S.A. B-365 Standard and all fireplaces, stoves and similar construction

used, or capable of being used, for burning fuels shall be connected to approved chimneys, smoke pipe or flues and shall be installed so as not to create a fire hazard, including to nearby or adjacent combustible materials and structural members.

- d) If heating equipment burns solid or liquid fuel, a storage place or receptacle for the fuel shall be provided in a safe place and maintained in a Safe Condition.
- e) Fuel-burning equipment shall be vented to an appropriate chimney, smoke pipe or flue, as required, by means of rigid connections leading to a chimney or a vent or flue. All chimney, smoke pipes or flues shall be kept clear of obstructions.
- f) Every chimney, smoke pipe, and flue shall be maintained so as to prevent gas from leaking into the Building.

38. AIR CONDITIONING

- a) Air conditioners, where provided, shall be equipped with adequate devices for the prevention of condensation drainage on to entrance areas, sidewalks, or pathways and shall be maintained in a safe mechanical, electrical, and functioning condition.
- b) Cooling water from water-cooled equipment shall not be discharged on driveways, walkways, or other areas used for pedestrian or vehicular traffic, or in such manner that it may cause damage to the walls, foundations, or other parts of a Building.
- c) The discharge of cooling water from all water-cooled equipment shall be made to a proper drainage system and shall be connected in accordance with all applicable laws.
- d) Central air conditioning units, where provided, shall be maintained in good working order.

39. ELECTRICAL

- a) Every Dwelling and Dwelling Unit shall be wired for electricity and shall be connected to an approved electrical supply system. An adequate supply of electrical power shall be available in all occupied parts of every Dwelling, suite, and Building.
- b) The connection to the Building and the system of circuits and outlets distributing the electrical supply within the Building shall provide adequate capacity for the use of the Building and such connections, circuits, wiring, and outlets along with any fuses, circuit breakers, and other

appurtenances thereto shall be installed and maintained in good working order and Safe Condition.

- c) Extension cords shall not be used on a permanent basis.

40. VENTILATION

- a) Ventilation shall be provided to and maintained and operated in all rooms and spaces within a Building so as to prevent accumulations of heat, dust, fumes, gases including carbon monoxide, vapours, and other contaminants which may create a hazard.
- b) Every ventilation system shall be cleaned regularly and maintained in good working condition and good repair.
- c) When an exterior opening is used or required for ventilation and is not required to be protected by a door, window, or similar closure, it shall be protected with screens in accordance with this By-law.
- d) An opening for natural ventilation may be omitted from a bathroom or toilet room where a system of mechanical ventilation has been provided.
- e) Every basement, cellar, unheated crawl space, and attic shall be vented and such vents shall be designed and maintained to prevent entry of snow, rain, rodents, and insects.

41. NATURAL LIGHTING

- a) Every owner of a Building containing at least one Dwelling Unit must provide every Habitable Room (with the exception of kitchens and bathrooms) with a window, skylight, or translucent panel facing directly or indirectly to an outside space and admitting natural light to the standards set out in this Section.
- b) For living and dining rooms, the amount of natural light must be equal to, or greater than ten (10%) percent of the floor area.
- c) For bedrooms and other Habitable Rooms, the amount of natural light must be equal to or greater than five (5%) percent of the floor area.
- d) The glass area of a door may be considered as a portion of the required window area.

42. LIGHTING

- a) Every stairway, exterior exit and entrance doorway, bathroom, toilet

room, kitchen, hall, cellar, basement, laundry, furnace room, and every other habitable and non-habitable work room in a suite, Dwelling Unit, or Building shall have a permanently installed lighting fixture that shall be maintained in a Safe Condition and in good working order.

- b) Lighting equipment shall be installed and maintained throughout every property to provide adequate illumination for the use of each space so as to provide safe passage.

43. PLUMBING SYSTEMS

- a) All plumbing, drain pipes, water pipes, and plumbing fixtures in every Building and every connecting line to the sewage system shall be maintained in good working order and free from leaks and defects and all water pipes and appurtenances thereto shall be protected from freezing.
- b) Plumbing systems on a property shall be provided, installed and maintained:
 - i. in compliance with the respective requirements of any applicable Act, Code, or By-law;
 - ii. in good working order and good repair; and
 - iii. in a Safe Condition.
- c) All plumbing fixtures shall be connected to the sewage system through water seal traps.

44. WATER SUPPLY

Every Dwelling and every Building to which water is available under pressure through piping shall be provided with:

- a) An adequate supply of hot water with a temperature range from 60 to 73.8 degrees Celsius or 140 to 165 degrees Fahrenheit in all Dwelling Units; and
- b) Piping for hot and cold water connected to every kitchen fixture, washbasin, bathtub, shower sink and laundry area; and
- c) Piping for cold water connected to every toilet and hose bib.

45. ELEVATING DEVICES

- a) An elevator or other approved elevating device supplied to employees, tenants, and/or the public, shall comply with the Technical Standards and Safety Act, 2000 as amended, and its regulations as enforced by the Technical Standards and Safety Authority.

- b) An elevator, where provided and when in operation, shall:
 - i. be kept clean and free of dirt and defacements; and
 - ii. have working lights, elevator buttons, floor indicators, and ventilation

46. SEWAGE SYSTEMS

- a) Every plumbing fixture in every building shall discharge the water, liquids, or sewage into drainage piping, which shall be connected to a municipal sewage system, or a system approved by the authority having jurisdiction and in accordance with all applicable law.
- b) Sewage or organic waste shall not be discharged to the surface of the ground, but into a sewage system where such system exists. Where a sewage system does not exist, sewage or organic waste shall be disposed of in a manner according to the Ontario Building Code.
- c) The land in the vicinity of a sewage system shall be maintained in a condition that will not cause damage to or impair the functioning of the sewage system.

47. NUISANCES THROUGH USE

- a) It is an offence for an owner or occupant of Land to use the Land in a manner which creates a Nuisance.
- b) It is an offence for the owner or occupant of Land to allow a condition to develop and remain on the land in a manner which creates a Nuisance.

48. SWIMMING POOLS/HOT TUBS

- a) Every owner of Lands upon which a Swimming Pool exists shall maintain that Swimming Pool:
 - i. in a clean and safe condition;
 - ii. free from leaks and faulty components and equipment; and
 - iii. in conformity with all other applicable laws.
- b) Every owner of Lands upon which a hot tub fixture exists shall maintain that hot tub fixture:
 - i. In a clean and safe condition;
 - ii. Free from leaks and faulty components and equipment; and
 - iii. Covered or protected with appropriate devise to secure from unwated or accidental entry.

49. PEST CONTROL

Every property shall be maintained so as to be free from vermin and conditions that may promote an infestation at all times.

50. ELECTRICAL SYSTEMS

- a) The owner of rented Dwelling Units must install, and maintain in good working order, all electrical wiring, fixtures, switches, and receptacles within those rented Dwelling Units and within any Accessory Buildings provided for the occupants of the rented Dwelling Units.
- b) The electrical system in the rented Dwelling Unit, and in Accessory Buildings provided for the occupants of the rented Dwelling Unit must accommodate normal residential use so as to avoid the necessity of creating an Unsafe Condition because of the use of extension cords or temporary electrical wiring systems.

51. OCCUPANCY STANDARDS

A non-habitable room shall not be used as a Habitable Room

52. TOILET AND BATHROOM FACILITIES

- a) Every Dwelling Unit shall contain plumbing fixtures in good repair and in an operative condition consisting of a minimum of one toilet, one sink, and one bathtub or shower.
- b) All bathrooms and toilet rooms shall be located within and accessible from within the Dwelling Unit.
- c) All bathrooms and toilet rooms shall be fully enclosed and maintained so as to provide privacy for the occupant.
- d) No toilet or urinal shall be located within a bedroom or a room that is used for the preparation, cooking, storing, or consumption of food.

53. HEATING SYSTEMS

Every owner of a residential rental Dwelling shall ensure that:

- a) All heating and mechanical systems, including equipment related to fuel sources for such systems, shall be installed and maintained at all times to ensure compliance with the City's Minimum Heat By-law, as enacted by Council and amended from time to time.

- b) No rental residential Dwelling Unit shall be equipped with portable heating equipment as the primary source of heat.

54. WATER SUPPLY & APPLIANCES

Every owner of a residential rental Dwelling shall ensure that:

- a) the Dwelling Unit is provided with an adequate and suitable supply of Potable Water to at least one tap within the Dwelling Unit.
- b) where the owner initially supplies the occupant appliances, as part of the rental /lease, those appliances must be maintained in good working order or where repair is not feasible they shall be replaced by the owner with functionally similar unit, in proper working order.

55. GENERAL PROVISIONS RELATING TO VACANT BUILDINGS

The owner of a vacant Building, in addition to any requirements of any other By-law of the City, shall:

- a) keep all Buildings on the land clear of debris;
- b) disconnect or have disconnected or discontinued all water, electrical, and gas services to the Building except where required for the security and maintenance of the Building;
- c) maintain the Building to prevent against Unsafe Conditions or risk of fire or accidents;
- d) keep the windows, doors, or any other openings to the Building secured to prevent unauthorized entry;
- e) maintain any entrances to the Building in good repair so as to provide for safe access for any authorized person attending the property; and
- f) barricade all openings on any floor or between floors to prevent the risk of accident or injury to a person.

GENERAL ADMINISTRATION PROVISIONS

56. MLEO- POWER ENTRY FOR INSPECTION

- a) An Municipal Law Enforcement Officer (MLEO), in accordance with the powers of entry set out in section 435(1) and 436(1) of the Municipal Act 2001, may enter onto land at any reasonable time for the purpose of carrying out an inspection to determine whether or not compliance exists for:

- i. any requirements of this By-law and/or the conditions of any permit issued thereunder.
- ii. any direction or order issued by the municipality under this By-law.
- iii. any court order issued pursuant to section 431 of the Municipal Act 2001.

57. MLEO – ISSUE DEFECT NOTICE

- a) An Municipal Law Enforcement Officer (MLEO) who becomes aware of a property that does not conform to this By-law, may issue a Defect Notice to the owner advising of the defect(s) that are in contravention of the By-law.
- b) A Defect Notice shall request the owner respond to the notice within seven (7) days of receipt, advising of either i) the intent to repair defect(s) and the time frame required or ii) disagreement with the defect(s) set out therein. If the owner fails to respond to the Defect Notice within seven (7) days of receipt, it may be forwarded to an Officer to open an inspection file concerning the defect(s) to achieve compliance.
- c) Any owner of property that receives a Defect Notice, who responds in the required time frame and in the manner set out in the notice, will be able to discuss the particulars of the defect with an Officer including the appropriate remedies and timeframes involved, before an Order may be issued.
- d) A Defect Notice is issued at the sole discretion on an MLEO or Officer (Property Standards) and is not a precondition for a Property Standards Order to be issued, in respect of a defect on that property.
- e) For greater certainty, the failure of an Owner to respond a Defect Notice only, does not constitute an Offence pursuant to section 60 of the By-law.

58. SERVICE OF DEFECT NOTICE - BY MLEO/OFFICER

- a) A Defect Notice may be delivered in person to an owner or occupant at the address of lands that are subject of the notice, or left with an inmate therein that is over that apparent age of eighteen years, or
- b) A Defect Notice may be sent via e-mail or text to an e-mail address or phone number that has been supplied for a communication purpose and will be deemed served only when such e-mail or text is acknowledged as being received and is not an auto-reply, or
- c) A Defect Notice may be sent registered mail to the last known address supplied to the corporation's tax office and shall be deemed to be delivered on the fifth (5th) day after the date mailed, or
- d) A Defect Notice may be posted in a conspicuous place on the property or placed in any open mail receptacle in proximity to the main entrance and

shall be deemed to be delivered on the seventh (7th) day after being affixed/deposited.

- e) No person, other than the owner of the subject property, shall cause or remove, tear down, or otherwise interfere with any notice or Order posted on the property.

59. OBSTRUCT MLEO – PROHIBITED

- a) No person, including the owner, shall impede, interfere, or obstruct an Municipal Law Enforcement Officer (MLEO) or Officer (Property Standards) in the execution of their duties and in the inspection of property required under the by-law, by doing any act, or refusing any direction of an MLEO, including a request for access to enter and inspect any property or structure thereon, except those actual areas used as a Dwelling Unit.
- b) No person shall obstruct any Officer by providing false or misleading information.
- c) It is an offence for any person to obstruct an Municipal Law Enforcement Officer (MLEO) or Officer (Property Standards) in the discharge of their duties.

60. PENALTY

Any person who fails to comply with any of the requirements of this By-law is guilty of an offence, and shall upon conviction be liable to a penalty as set out in Section 61 of the Provincial Offences Act, R.S.O. 1990, c. P.33, as amended from time to time, or any successor thereof.

61. ENFORCEMENT BY MLEO's / OFFICERS (PROPERTY STANDARDS)

- a) A Municipal Law Enforcement Officer (MLEO) may enter and inspect or re-inspect property to ensure compliance with the requirements of this By-law and may issue a Defect Notice under section 57 of the By-law at their discretion.
- b) An Officer (Property Standards) may enter and inspect or re-inspect property to ensure compliance with the By-law, including to determine whether an Order has been complied with.
- c) An Officer (Property Standards) may issue a Defect Notice under section 58 of the By-law or an Order under section 15.2 of the Building Code Act.

62. ISSUE ORDER – PROPERTY STANDARDS OFFICER

- a) Where an Officer (Property Standards) issues an order regarding a property that is in contravention of this By-law, it is issued under the authority of the Building Code Act.
- b) Where a Municipal Law Enforcement Officer or an Officer (Property Standards) issues a section 57 Defect Notice, it shall be deemed to be issued under the authority of the Municipal Act while operating as a Municipal Law Enforcement Officer (MLEO).

63. APPLICATION OF BUILDING CODE PROVISIONS – ORDER PROCESSES

- a) Where an Order is issued in respect of non-conformance with the provisions of this by-law, the processes set out in this By-law and the Building Code Act, including the appeals process for an Order, shall apply.

64. PROPERTY STANDARDS APPEAL PROCEEDURES

- a) Any person who receives an Order issued under section 15.2 of the Building Code Act from an Officer (Property Standards) is entitled to request an appeal by following the directions set out in the Order within the timeframes and in the manner stated in the Order being issued pursuant to Section 15.2 of the Building Code Act.
- b) A Defect Notice issued under section 57 of this by-law is not subject to an appeal process under the Building Code Act or this By-law.

65. PROPERTY STANDARDS APPEAL COMMITTEE ESTABLISHED

- a) The Property Standards Appeal Committee previously established by the Corporation is continued.
- b) The Committee shall be composed of three (3) persons appointed in accordance with the Corporation's approved procedure for the appointment to boards, committees, and authorities. Members of the Corporation's council and employees of the Corporation, or one of its local boards, are not eligible to be members of the Committee.
- c) The term of office for the members of the Committee is four (4) years; however all members shall serve beyond their terms of office, as required, until re-appointed or replaced by Council.
- d) Any vacancy on the Committee shall be filled forthwith.

- e) Once established, the Committee shall elect, from among its members, a chairperson. The role of the chairperson is to preside over, and maintain order at all hearings of the Committee. Two (2) members of the Committee constitutes a quorum for conducting hearings. Where the elected chairperson is unable to attend any given hearing, the remaining members shall elect one of themselves to preside in that instance.
- f) The Corporation may establish an honorarium to be paid to members of the Committee.
- g) The Corporation shall provide for a secretary for the Committee. This will be a person employed or contracted by the Corporation who is not a Municipal Law Enforcement Officer. The secretary shall keep on file the records of all official business of the Committee, including records of all applications and minutes of all decisions respecting those applications, and section 253 of the Municipal Act, 2001, applies to the minutes and records.
- h) The Committee may, subject to subsection (i), adopt its own rules of procedure and any member may administer oaths.
- i) The Committee shall give notice or direct that notice be given of the hearing of an appeal to such persons as the committee considers advisable.
- j) The Committee shall have the powers as set out in section 15.3 of the Building Code Act, S.O. 1992, c.23.

66. PENALTY – ORDERS

An owner who fails to comply with an order that is final and binding or a directive issued pursuant to the *Building Code Act, S.O. 1992, c.23*, is guilty of an offence under Section 36(1) of the *Building Code Act, S.O. 1992, c.23*, and is liable to a penalty or penalties as set out in Section 36 of that Act.

67. SEVERABILITY

If any provision or article of this By-law is for any reason found to be invalid by a court of competent jurisdiction, the provision or article found to be invalid shall be severed from the By-law and the remaining provisions or articles shall remain in effect until repealed.

68. CONFLICTS

Where a provision of this By-law conflicts with the provisions of another By-law in force within the municipality, the provision which establishes the higher standards to protect the health, safety, and welfare of the occupants and the

general public shall prevail or where it gives greater effect to the purpose of this By-law then this By-law shall prevail.

69. TRANSITIONAL RULES

After the date of the passing this By-law, Bylaw #066-2008, as amended, shall apply only to those properties in which an Order to Comply has been issued prior to the date of passing of this By-law, and then only to such properties until such time as the work required by such Order has been completed or any enforcement proceedings with respect to such Order, including any demolition, clearance, or repair carried out by the municipality shall have been concluded.

70. REPEAL

By-law 66-2008, as amended is repealed.

71. EFFECT

This By-law shall come into force and effect on the date it is passed.

Enacted and passed this 12th day of September, A.D. 2022 as witnessed by the Seal of the Corporation and the hands of its proper Officers.
