

Series 170 - Port Arthur Water Treatment Plant Daily Journals

Port Arthur

Fonds

1915-1969

96 cm. of textual records

The Water Treatment Plant Pump House for the City of Port Arthur was and still is located at Bare Point on the shore of Lake Superior at the north City limits.

This series consists of daily journals kept by the operators at the plant. These journals record daily occurrences, various meter readings relating to the pumps, water temperature, outside temperature and weather conditions.

As well as the Daily Journals, there are L.T. Loop Feeder Journals for 1947, 1948 and 1949, a Pump Data Journal from 1951 to April 1964 and a Chlorine Data Journal from 1957 to 1962.
