Under By-Law 2122 in 1935, the City of Port Arthur adopted the provisions of The Municipal Tax Arrears Consolidation Act, 1935. Under this Act, the owners of land which were subject to tax arrears were allowed to make an application to the Treasurer of the Municipality to have the arrears consolidated and paid in the manner provided for in the Act. Once the application was approved by the Treasurer, a consolidation agreement was prepared and signed by the parties and taxes were paid according to the terms of the agreement.

This series consists of consolidation agreements, with applications and some related correspondence attached.

The agreements are arranged numerically and are only available for the year 1935.
