

**Series 238 - Port Arthur Miscellaneous Agreements & Contracts**

**Port Arthur Fonds**

1881-1969

60 cm. of textual records

---

Series consists of agreements, tender specifications, by-laws, plans and contracts between the City of Port Arthur and various institutions including individuals, corporations and other government bodies. Predominant are tender specifications and corresponding agreements relating to the development of public roads, city infrastructure and various other installations within the City. Also included in this series are agreements between Port Arthur and other surrounding municipalities, such as Neebing and Shuniah, and the Government of Ontario.

Agreements are arranged chronologically by agreement number.  
Maps and Plans have not been processed individually.

A

A File Inventory is available for this series.

No further accruals are expected.

Records have been created by the former City of Port Arthur. Most records were retained by the Office of the City Clerk and involve other areas of the municipal government including the City Treasurer and the City Engineer.
