The Town and City of Port Arthur appointed individuals as Solicitors and Counsel to act in its behalf in relation to legal matters in which the Corporation was involved.

Duties of the Solicitor covered a wide range of issues including assessment appeals, labour relations matters, litigation matters and real estate transactions. The majority of the files appear to have been generated at the time Douglas V. Gaebel was the City Solicitor.

The files are arranged alphabetically under the categories: Administrative Boards, Assessment Appeals, Labour Relations, Litigation, Miscellaneous and Real Estate Transactions.
