The Alphabetical Indexes for the District of Thunder Bay are virtually complete and are organized into three major categories, i.e. City of Fort William, City of Port Arthur and Townships. These indexes cover the period from the late nineteenth century to 1971. The Indexes provide an alphabetical listing of individuals who have been involved in property transactions. Each entry indicates the year of the transaction, the instrument number, the owner's name, the parcel number, the register and the types of instrument. These Indexes are particularly useful in providing access to instruments where the legal description of the property in question is unknown, but the owner's name is known.

This series consists of the Alphabetical Indexes to Deeds for the District of Thunder Bay Transferred from the Provincial Government to the City Archives and Records Centre.
