

Series 407 - Certificates of Approval (Ministry of the Environment)

Thunder Bay Fonds

1970-1994

2 m., 40 cm.

These are copies of applications submitted to the Ministry of the Environment for Certificates of Approval, primarily for drinking water and sanitary sewer systems. Copies of the actual Certificates are included in some files. This series begins in 1970. Format of applications changes in 1987.

Original records are held by the Ontario Ministry of the Environment.

Files are in chronological order; internal numbering system (not final Certificate numbers.) A few unapproved applications are also included with this series. These unapproved applications are not numbered.

Transferred from Engineering Dept.

A

Further accruals expected.
