

1978 - 1981

30 cm. (1 box of textual records and other material)

---

Series consists of records relating to the work performed by Jeux Canada Games 1981 in researching and developing the organizational structure and the managerial policies that were employed by the host society. Included are correspondence, reports and memoranda regarding the development of graphic designs and promotional material to advertise and represent the Games, documentation from the Medical Committee, correspondence regarding the development of a project management system and information booklets, produced by Jeux Canada Games 1981, which document the organizational structure of the host society and outline the roles and responsibilities of affiliated organizations.
