

1963 - 1982, predominantly 1979 - 1981

1 m., 5 cm. of textual records and other material

---

Series consists of records relating to the various venues throughout the City of Thunder Bay, that were used in competitions for the Jeux Canada Games 1981. Included are meeting minutes, memoranda and correspondence regarding the Canada Games Complex, Fort William Stadium, Boulevard Lake, Lakehead University, the marina, Fort William Gardens and Confederation College, relating to the site selection process and the improvements required to bring the venues up to the standards specified by the Canada Games Council. Also included are construction contracts, tender specifications and tender submissions for the various construction and renovation projects initiated by Jeux Canada Games 1981. Most notable are contracts between Jeux Canada Games 1981 and G.E. McGuinty Construction Group Ltd regarding the construction of the 400 metre track and field site at Fort William Stadium and contracts with Gateway Building and Supply Ltd regarding the construction of the Canada Games Complex. Also included in this series are business proposals from various organizations interested in performing construction and engineering work for Jeux Canada Games 1981 and records relating to the organization of sporting equipment.

A

A File Inventory is available for this series.

Series consists of a variety of blueprints, plans and drawings which have been catalogued and physically stored in a separate location. See Maps/ Blueprints and Plans Catalogue for further information.
