

1971-1996

60 cm, 150 photographs, and 25 slides

The records fell under the series CS306, CS307.

The series contains a number of manuals - camp counsellors' and directors', the Director's Annual Final Reports, photographs and scrapbooks from the Day Camps, Winter Carnival files and a number of related and miscellaneous Parks and Recreation slides.

The Parks and Recreation Department created the records.
They were reviewed and some were selected for Archival Preservation.

Notably there are more materials from the 1980s.

Original Order was not preserved. The rearrangement was chronological, and conducted to make the accession more accessible.

textual, photographs, scrapbooks, slides
