

**Series 495 - Y2K Departmental Reports and Planning
Records**

Thunder Bay Fonds

1997-2000

3 meters of textual records and other materials

In preparation for the anticipated computer issues with the switch to the year 2000 (Y2K), City departments sent to City Clerks copies and originals of files created in the process of emergency planning. Also included are files created and transferred by Thunder Bay Telephone, then a city department.

This series contains original documents and copies of records from City departments, including agreements, minutes, agendas, correspondence, reviews, studies and Y2K strategies.

Records transfer for the Office of the City Clerk

Alphabetical by Department
