

1905-1952

36 cm. of textual records (5 v.)

---

The City of Fort William Journals recorded all activity within the city that included a financial transaction. Some of the entries include work related to improving the city's infrastructure, activities related to recreation, administration, etc. Salaries of city staff and finances provided to boards and committees are also included in the journals. The transactions recorded are filed by date and include a journal entry number or folio number. The activity is recorded along with the amount and whether the amount was a debit or credit

Bound volumes, Handwritten.
