## **City Council of Thunder Bay**

City Hall

500 Donald St E, P7C 5K4

(807) 625-2230

Dear Honored Members of Council,

Hello, my name is Jenn Salo. I am the owner and founder of Thunderbird Wildlife Rescue (TBWR). I am an Authorized Wildlife Custodian who was born and raised in Thunder Bay, Ontario. I am approaching the council to request leasing a portion of the former Chippewa Wildlife Park to expand my current rescue into. The former Chippewa Wildlife Park has existing infrastructure that would be very valuable to my rescue and would allow more space to address the large volume of birds of prey in need of help. I am requesting the use of the building known as the Wildlife Hotel, The White Tailed Deer Enclosure and the Eagle Flight Pens. The use of this space would increase my ability to properly rehabilitate the large volume of Bald Eagles and other birds that come into rescue.

### **The Former Chippewa Wildlife Park**

In the process of wildlife rehabilitation, a number of different size enclosures are required at different stages of healing. When a bird is initially taken into rescue, a small, quiet, secure space is needed to be able to treat the injuries daily and monitor weight and food intake. Once the bird progresses to healing, a larger space is needed so that the bird can exercise and regain fitness. Prior to release, a much larger space such as the flight pens would benefit the birds greatly, especially for the high volume of Bald Eagles that are found by people in need of

help. I have received over 30 injured, sick or starving bald eagles since 2017. Without having the space to properly complete all the stages of rehabilitation, many birds have had to be shipped to wildlife rescue centers in Southern Ontario to complete the last stage of rehabilitation. The corresponding rescue then sends the bird back for release when it is ready. This is a costly and stressful venture for wild birds and it would improve my efforts and success rate to be able to utilize this available space to complete the entire rehabilitation process here in Thunder Bay.

The area requested is more than adequate to establish a bird of prey rescue. If funding is available and there is an opportunity to acquire additional Provincial and Federal Permits, there is adequate space to do so without asking for anything more than has already been requested. Thunderbird Wildlife Rescue has agreed to accept the requested facilities in the as is condition and will take responsibility for repairs and maintenance.

**I am requesting the lease of 3 specific areas.** Specifically the building formerly known as the 'Wildlife Hotel'; the conjoined 100 foot flight pens, and the fenced in area known as the White Tailed Deer enclosure.

**1. The Wildlife Hotel.** This space is ideal to set up as intake and critical care units where birds of prey can receive daily care and monitoring of illnesses and injuries.

**2. The White Tailed Deer enclosure.** This fully fenced area is located behind the main building for City Parks Maintenance. The eagle flight pens are within the fenced area. It contains two large sheds that could be utilized in the rehabilitation of birds of prey. This space could be cleared of all debris and deadwood to make space for temporary enclosures of varying sizes for the rehabilitation process of raptors of various species.

**3. The Eagle Flight Pens.** There are two large chain link enclosures that formerly housed eagles. Repairs are needed before birds can safely reside in them again. These will become fully enclosed and barriered as per the Minimum Standards of Wildlife Rehabilitation. One of the pens will be sectioned into two 50 foot flight pens for smaller birds of prey so that birds can be rotated into larger spaces as needed. The flight pens would mostly be utilized for the pre

release conditioning, which requires space to build muscle and strength and a large enough space to conduct live prey testing before release back into the wild.

### **Goals of TBWR**

1. Gain approval from City of Thunder Bay Council to move Thunderbird Wildlife Rescue into the former Chippewa Wildlife Park.
2. Form a lease agreement between the City of Thunder Bay and Thunderbird Wildlife Rescue for the specified space at the former Chippewa Wildlife Park.
3. Clean, renovate and repair the wildlife hotel, flight pens and deer enclosure into suitable intake and critical care enclosures for birds of prey with the help of volunteers.
4. Move Thunderbird Wildlife Rescue from its current location into the aforementioned structures and enclosures.
5. Train volunteers to help with the daily maintenance and care of the rescues.
6. Begin providing educational outreach at schools, summer camps, organized events and more.

I have respectfully requested and gained approval from the Fort William First Nation Chief and Council to utilize the vacant space at the former Chippewa Wildlife Park for the purpose of rehabilitating wild birds of prey. It is not my intention to infringe on any existing land claims, rather I am requesting use of the unused yet structurally sound areas within the closed Chippewa Wildlife Park. A wildlife Rescue in Thunder Bay, Ontario would benefit the Thunder Bay and surrounding communities by addressing the lack of wildlife resources, and provide rescue for injured birds of prey. It is human nature to interfere with wildlife seen as needing help, this can and often does lead to misguided care and good intentions with a lack of knowledge on what is actually required to successfully rehabilitate a wild animal or bird. My goal is to provide a place to foster the right care and educate the public on how to do their part. The existence of a non profit wildlife rescue would create opportunities through volunteerism, high school hours, attending educational programs and events for people to learn about the species that are indigenous to our boreal forest and why it is important to protect and preserve our wild creatures and wild spaces for future generations.

Thank you for your time and consideration.

Sincerely,

Jenn Salo

Authorized Wildlife Custodian  
Owner and Founder of Thunderbird Wildlife Rescue

Dear Thunder Bay City Council,

I am a resident of Vancouver, but a regular visitor to Thunder Bay and am aware of Thunderbird Wildlife Rescue's work. My sister and her family live in the Thunder Bay area and my great-nephew is very interested in this organization. I am convinced that the former Chippewa wildlife park would be an incredible opportunity for TWR to expand its vital services.

I hope you will consider this plea, so that more animals can have the space they need to recover and be rehabilitated.

Kindest regards,

Angela Baggott

I am writing this letter on behalf of a group of people to put our support behind the City of Thunder Bay leasing the old Chippewa Zoo space to Jenn Salo and Thunderbird Raptor Rescue. I have believed for a very long time that we desperately need a wildlife rehabilitation center here, not just for birds, but for all wildlife. That currently unused space is a perfect space to house such a facility. Being in Thunder Bay we are 7-8 hours drive in either direction from any city our size or larger and surrounded by forest. With this comes wildlife, often in very urban areas. It is inevitable that wildlife will come in contact with humans, whether by accident or well meaning however misguided people who lure them with food. The farther away from city center development goes, the more likely there is of animals coming in contact with humans. This can cause accidents or illness to both wildlife and domestic pets. The old adage of “let nature take it’s course” is both archaic and cruel, especially when there is another option available. If a wild animal can be rehabilitated and released back where it came from, or to a more appropriate spot and there is someone willing to do that rehabilitation, then letting the animal suffer is unconscionable. We as a group feel that a rehabilitation center is a great need in our city, and we have been without one for far too long. Please take this letter into consideration.

To Whom it May Concern

I am writing this letter in support of Jenn Salo (Thunderbird Wildlife Rescue) efforts to obtain use of Chippewa Park facilities to continue wildlife rehabilitation there.

For decades, I was the only licensed Wildlife Custodian in Northwestern Ontario, and took in injured, orphaned and kidnapped wildlife from Kenora, Red Lake, Sioux Lookout, Dryden, Fort Frances and the surrounding communities, including remote First Nations. However, because of transportation logistics and abilities to get birds (usually Bald Eagles and Northern Owls) to me and later released back at the capture area, I often was not able to take in patients East of Dryden or from the North. Jenn has been a godsend arranging flights and caring for wildlife I could not take in.

My intake capacity is limited. I am the sole person on site caring for patients and count on foster caregivers under my license to assist from time to time as the workload of patients can become overwhelming, especially in 'baby' season. Many injured wildlife are unable to come into care because of limited space, including endangered, protected and species at risk, and die as a result.

This winter has now made my continued care of raptors impossible, as my flight cages and compounds have all collapsed under snow load. I do not foresee having the ability or funds to rebuild any time in the near future. Bald Eagles are one of the most common raptors received in and require large enclosures.

In order to have a licenced, qualified Wildlife Custodian in the Northwest Region able to handle the ever-increasing workload, please consider Jenn Salo's request. The need for wildlife rehabilitation is great in Northwestern Ontario.

Thank you

Lillian Anderson

Iggy's Wildlife Rehabilitation Centre (Ontario)

Kenora, Ontario P9N 4N2

Dear Thunder Bay City Council,

As a long time resident, I am proud to call Thunder Bay home. I support our community as an educator and have shared many of Thunderbird Wildlife Rescue's inspiring stories with both my students and my children. My son, at the young age of eight, already wants to join forces with Jennifer to help all animals and we all agree that the former Chippewa wildlife park would be an incredible opportunity for TWR to expand its vital services.

I see a myriad of ways in which TWR could raise awareness, build on the environmental education curriculum in schools through presentations, and students needing community hours could help TWR by maintaining Chippewa grounds and in any other way Jennifer safely sees fit, and more. I hope you will consider this plea to allow TWR into the vacant park so that more animals can have the space they need to recover and be rehabilitated. This would be a sound decision on behalf of Thunder Bay City Council.

Kindest regards,

LETTER OF SUPPORT FOR THUNDERBIRD RAPTOR RESCUE

We at Caring Hearts Cat Rescue and Sanctuary are pleased to offer this letter as resounding support towards Jenn Salo's proposal to utilize the vacant Chippewa Wildlife Park for a wildlife sanctuary.

Caring Hearts Cat Rescue & Sanctuary is a non-profit charity located in Thunder Bay. We are dedicated to rescuing kittens and cats that would ordinarily be euthanized. We promote the wellness of animals in the district of Thunder Bay and surrounding areas. We strive to educate the public on the need to spay and neuter and promote responsible pet ownership. We focus on domestic pets, stray and feral cats by providing veterinary care which includes vaccinations, spay/neuter (when age appropriate), feline leukemia testing, de-worming and assessment of overall health of the animals we rescue. Once vetted, the cats are placed for adoption. Our vision is to reduce the number of homeless and abandoned cats, including feral cats by providing them with a safe, warm and loving home in our two sanctuaries and in foster homes.

We respect and admire the years of hard work that Jenn has put into rescuing and rehabilitating the birds in her care. The injured wildlife in the Thunder Bay area and the district have benefited greatly from her dedication and skills. What better way to say thank you then to allow her to utilize the vacant space at Chippewa for a permanent wildlife rehabilitation centre and sanctuary? We are pleased to be able to offer our support to see her dream become a reality, and we hope that you as Council Members will also lend your support to this worthwhile endeavor.

Michele Gagnon and Cathy Gordon,

President and Vice President, Caring Hearts Cat Rescue and Sanctuary

City Hall: City Council of Thunder Bay

500 Donald Street E.

P.O.Box 800, Thunder Bay,

ON P7C5K4

ATT: Mayor Bill Mauro and Councillor Members: RE: Wildlife rescue to be set up in the former Chippewa Wildlife Park. My name is Sarah Lehtinen. I am a former resident of the Thunder Bay area. I am writing in regard to supporting a Wildlife Rescue to be placed in the former Chippewa Wildlife Park area. A wildlife rescue is needed in Thunder Bay for injured wildlife. In the past there have been many times where when I was living in the area, I would see injured animals such as an owl; I would call the MNR and various animal rescue places. Either they were too full and could not take in any more animals or they were too far out and could not come to pick up the animal. Having a wildlife rescue in Thunder Bay would fill these gaps. Jennifer Salo has a plan to use the Chippewa Wildlife Park area as a Wildlife Rescue that would fill in those gaps. She plans to use the temporary enclosures for recovering wildlife. I completely support her plans. Having this Wildlife Rescue in the area would show how much Thunder Bay cares about their furry and feathered neighbours.

Thank you for your time.

Sarah Lehtinen.

---

**Dear Council Members:**

I am writing this letter in support of the lease application by Jenn Salo and Thunderbird Wildlife Rescue to lease the Chippewa wildlife park for the purpose of temporary housing for injured wildlife. I have observed Jenn's efforts to rehabilitate wildlife that would otherwise have died without her intervention. Her wildlife rescue is a heartwarming story and one that is followed by many residents of Thunder Bay.

I support this lease application for a number of reasons. Firstly, Thunder Bay is a city nestled in the surrounding forests and waterways that make our city a great place to live. This involves a greater level of interaction with the surrounding environment than you would expect to find in

a more populated area. I believe that this comes with an obligation by citizens and the City of Thunder Bay to ensure that we are supportive of any efforts that keep our surrounding ecosystem healthy and strong, including the wildlife.

Secondly, I believe that the presence of a wildlife rescue in Thunder Bay and in Chippewa Park is intrinsically valuable in ways that cannot be quantified. It contributes to the positive characterization of the City of Thunder Bay to visitors and residents alike.

Lastly, I believe that the Thunderbird Wildlife Rescue has the potential to be much more than that, given the support of the local municipal government. I am a retired Vice Principal with Lakehead Public Schools and I know that educators are always seeking opportunities to engage with the environment, nature and their community. They seek to engage their students in the surrounding community so that their students can grow up to become

---

contributing members of the greater society in which we live. Small grass roots efforts by caring citizens to make Thunder Bay a better place to live should be supported and encouraged by the municipal government.

In summary, please consider this information and grant this lease application to Thunderbird Wildlife Rescue.

Laurel Mackenzie

Vice Principal

## **LAPPE AND AREA LOCAL SERVICES BOARD**

RE: Thunderbird Wildlife Rescue

To Whom It May Concern;

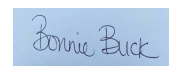

I am writing this letter of support for Jenn Salo of Thunderbird Wildlife and Raptor Rescue in Thunder Bay.

The Lappe & Area Local Services Board includes approximately 5000 residents in the Gorham, Jacques, Fowler and Ware townships. Our population cohabitates with various wildlife. We believe it is a necessity to have a Wildlife and Raptor Rescue established in the Thunder Bay Area. Human and wildlife often collide and the wildlife needs assistance. It would be a definite asset to access the knowledge and experience of such a rescue to assist with wildlife in distress. In our opinion, Ms. Salo has proven dedication and commitment to accomplishing this lifetime goal.

In conclusion, the Lappe and Area Local Services Board, which includes Lappe Emergency Services, are in full support of Jenn Salo and her venture of establishing Thunderbird Wildlife Rescue in Thunder Bay.

Thank you,

Sincerely,

A blue rectangular box containing a handwritten signature in cursive that reads "Bonnie Buck".

Bonnie Buck  
Secretary/Treasurer

March 12, 2022

RE: Thunderbird Wildlife Rescue

To Whom It May Concern,

This letter is offering a letter of support for a proposed Wildlife Rescue establishment in Thunder Bay. I am a Registered Equine and Canine Massage Therapist practicing in Thunder Bay for the past 14 years. I provide bodywork services to horses, dogs, cats and the occasional other domestic animal in the Area.

As an animal lover and advocate for their humane treatment, a wildlife rescue is a missing link in this area. I have personally referred many to contact Jenn Salo for assistance when an injured member of wildlife is discovered. Jenn has proven good judgment and success with helping these animals in need. With the Veterinarian shortage within the province, there is a created need treating domestic pets within the Community, let alone any assistance with injured wildlife. Plus, experience and handling knowledge is required in the capture, rehabilitation and release of wildlife.

In conclusion, I deeply support the work of Jenn Salo and encourage her to continue with all work towards rehabilitation of wildlife. The animals need her.

Thank you,

Sincerely,

Bonnie Buck, REMT, RCMT

To whom it may concern,

I have been following this local wildlife rescue for a number of years. So much hard work and effort has gone into this bird rescue it is so inspiring and a labour of love.

Considering birds are mostly harmed by cars, power lines, windows and lead buck shot as humans we need to support their return to health and the wild if at all possible.

Sincerely,

Kathryn Loftus

to  
me

To whom this may concern,

I am writing this letter to fully support the mission of a wildlife rehabilitation at Chippewa Wildlife Park and am in favour of Thunder Bird Raptor inhabiting the space to provide a safe place for wildlife to be rehabilitated and released to the wild. I believe our area needs a space to care for sick or injured wildlife so they can have a chance of survival. Northern Ontario is home to a vast majority of wildlife and this is one of the things that makes our area an amazing place to live. Currently the park sits empty and is just a waste of space. Thunderbird raptor rescue is in need of a space to continue their amazing work and can do so much more if given the opportunity to use this area. I fully support the idea and hope that council will consider the good that will come from this.

Sincerely,

Jennifer Okerlund

Thunder Bay is known for its natural beauty and wildlife. We need a wildlife rehab Center here to help and protect these animals. Jenn Salo has done all her research and education necessary to do this. The old Chippewa Zoo just sits there empty. It was not suitable to keep animals in captivity but is perfect for a temporary rehabilitation Center.

Sincerely

Ilona Osborne

Sent from my iPhone

Dear Thunder Bay Council:

I believe that allowing the use of the former Chippewa wildlife park as a bird sanctuary managed by Jenn Salo is an excellent idea.

I've known Jenn for a number of years and have always been amazed at her interest and expertise in caring for birds of prey and other wild animals. Her enthusiasm and passion for these creatures is limitless, often putting aside any needs and comforts for herself in her vision to help as many animals as possible.

Many people in Thunder Bay and the surrounding area can testify to her dedication to helping injured animals and caring for them until they are able to be released back into the wild. Survival for these beautiful creatures is difficult enough, but when man interferes in their survival as he encroaches on their habitat, they need as much help as they can get.

I believe Jenn will transform Chippewa wildlife park into a beautiful sanctuary, providing habitats for these recovering birds that closely resembles that of their own in the wild. She will work tirelessly and create a wildlife rescue that all of Thunder Bay and surrounding area will be proud of.

Please provide this idle park for Jenn and allow her to transform it and use it for the good of these magnificent birds and animals. You will be glad you did.

Thank you!

In the late fall of 2021 there was a juvenile Turkey Vulture which was injured and unable to fly. It had difficulty moving around on the ground and it was well past the time when it should have migrated south. I called Jenn and she came out to Hurkett immediately to pick it up. Without her help it surely would have suffered a slow, miserable death.

Jenn is doing a necessary and amazing job for injured wildlife and should be given every possible support so she can continue this important work.

Dear Honourable Members of Thunder Bay City Council:

We would like you to seriously consider allowing the now defunct Chippewa wildlife park's facilities to be utilized by Jenn Salo and the Thunderbird Raptor Rescue. I know first hand how desperately her services are needed in NW Ontario. Her work is invaluable to our area and the ones she rescues have no voice to speak of the life saving service she provides. The fact that the almost perfect infrastructure for temporary housing of wildlife already exists, seems to be a no-brainer for her program.

We can attest to her dedication and love and respect for wildlife, when she took in an injured Snowy Owl we had found along an area highway. She is highly knowledgeable and passionate in her field and you couldn't ask for a better person to run this type of facility in Thunder Bay.

By allowing her to utilize this facility, it would show the city's commitment to the preservation of the area's wildlife as there is nothing else like it in NW Ontario.

Sincerely, Jane & Ed Baumgartz, Nolalu, ON

March 11, 2022

Greetings from The Friends of Chippewa Park

We are writing in support of Jenn's Salo's proposal to utilize the now dormant Chippewa Park Wildlife Exhibit for a rescue and rehabilitation service.

The existing infrastructure of the wildlife exhibit is ideal for this type of facility and would be a continuation of the approach that was taken at the park for a number of decades – a rescue facility. It is important to note that the area Ms. Salo wishes to utilize remains structurally sound.

As an indication of the support of The Friends of Chippewa Park the organization hosted a fund raiser for Ms. Salo's work last fall and raised over \$1,000 to assist her in supporting the birds she rescued and rehabilitated.

We encourage Council to agree to support her proposal.

Lorraine Lortie
