**SUBJECT:** Amendment – Composition of City Council  
Committee of the Whole – August 24, 2020

---

Councillor Oliver has presented a motion to review the composition of City Council. It is my request to bring forward an amendment for Council’s consideration. This amendment is relative to paragraph one; and would amend paragraph one to delete the reference to number of Councillors to be included in the review.

While I support the review of Council composition I believe that the number of councillors and which seats they hold should be an element for discussion by the community and that Council should consider any changes once the review is complete.

I present the following amendment for your consideration,

“With respect to the motion relating to the Composition of City Council, we recommend that “from 13 members to 9 members” be deleted from paragraph one”
