

2023 Sewer & Water Rates

Effective April 1, 2023, Sewer & Water rates are as follows:

Water rate increases for the three months that end April 30 and May 31, will be phased in to reflect the portions of the billing at the old and new rates.

SINGLE FAMILY RESIDENTIAL METERED ACCOUNTS

Single detached residential buildings and semi-detached residential buildings that are individually metered.

Volumetric Charge = \$1.944/m³

Fixed Cost = \$0.888 per day (\$324 per annum)

Sewer Rate = 90% of the volumetric charge and fixed cost. Applies to all owners/occupants of separately assessed parcels of land connected to the sewage system.

ALL OTHER METERED ACCOUNTS

Volumetric Charge = \$1.198/m³

Fixed cost varies based on meter size

| METER SIZE | COST PER DAY (per annum) |
|------------|--------------------------|
| 15mm, 18mm | \$1.452 (\$530) |
| 20mm | \$3.027 (\$1,105) |
| 25mm | \$3.833 (\$1,399) |
| 40mm | \$7.265 (\$2,652) |
| 50mm | \$9.777 (\$3,569) |
| 75mm | \$17.047 (\$6,222) |
| 100mm | \$25.596 (\$9,708) |
| 150mm | \$53.129 (\$19,392) |
| 200mm | \$75.530 (\$27,568) |
| 250mm plus | \$108.550 (\$39,621) |

Sewer Rate = 90% of the volumetric charge and fixed cost. Applies to all owners/occupants of separately assessed parcels of land connected to the sewage system.

UNMETERED ACCOUNTS

Flat rates for services where metered service is not available increase by 3.0%.

Sewer Rate = 90% of the volumetric charge and fixed cost. Applies to all owners/occupants of separately assessed parcels of land connected to the sewage system.
