

all you need is a deck of cards..

FRACTION WAR!

1. **Shuffle your cards and give each player half the deck.**
2. **Both players take the top two cards from their pile and face them up in the playing area, one above the other.**
3. **The top card is the numerator, the bottom card is the denominator.**
4. **Quickly determine who has the larger fraction.**
5. **The winner keeps all four cards, and play continues until the cards are gone.**
